# OUR ROOMS

## Restaurant

The restaurant is an attractive space, on the front side of our property, with seating for about 50 people. Here you can enjoy a great lunch, dinner or drink.

## Gender room

The Gender room is our smallest room. It has a sliding wall so we can create an open space that joins the restaurant. Both in the front and the back of the room there's a terrace which can be reached by large patio doors.

### **DOMMEL ROOM**

The Dommel room is our largest room.  
It has a splendid view of our lake.  
Adjoining is a covered terrace and through the sliding wall it  
can be combined with the Run Room.

### **RUN ROOM**

This space is the smaller brother of the Dommel room.  
Just like its big brother, there is a covered terrace, a fixed bar  
and large windows that overlook the lake.

### **WATER TERRACE**

Perhaps our most beautiful space.  
Our Water Terrace starts at the beach  
and runs about 10 meters into the lake.  
This space is ideal for wedding ceremonies,  
summer drinks or a bbq.
